Backend: Node.js, Express.js

Database: Mongo DB, MySQL

Tools & Technologies: Git & GitHub, GraphQL, REST APIs, Responsive Design, Postman

Soft Skills: Problem Solving, Communication, Team Collaboration, Leadership

PROFESSIONAL EXPERIENCE

Software Developer – Newline Infotech Pvt Ltd

July 2026 – Present

- Developed frontend features using Angular.js for the Sayluss Medicare website, including resolving bugs/errors and implementing UI design changes.
- Managed feature branches, pull requests, and version control workflows using Git.
- Worked on the Jain Statistic project, handling frontend UI design and API integration.

Frontend Developer – Pincodekart.com

May 2025 – June 2026

- Developed responsive and scalable frontend applications using React.js, Next.js, Typescript, and Tailwind CSS.
- Built reusable UI components for the main website and CRM dashboard to improve admin workflows and user experience.
- Integrated GraphQL APIs and optimized frontend data fetching for improved application performance.
- Ensured cross-device responsiveness and browser compatibility across multiple screen sizes.
- Collaborated with backend developers and UI/UX designers to deliver production-ready features.
- Managed feature branches, pull requests, and version control workflows using Git.

Junior Full Stack Developer – NGWorkforce

Jan 2025 – Apr 2025

- Developed and maintained production-level web applications using React.js, Redux Toolkit, TypeScript, Tailwind CSS, and Material UI.
- Implemented API integrations and asynchronous state management using Redux Toolkit and Thunk.
- Improved application performance and fixed UI/functional bugs across multiple modules.
- Built responsive user interfaces and collaborated with teams to improve workflow efficiency.

Frontend Developer – SKJ INFOSPACES Pvt Ltd

Jul 2023 – Nov 2023

- Built responsive frontend applications using React.js, JavaScript, HTML5, CSS3, Bootstrap, and Material UI.
- Developed reusable components and optimized UI responsiveness for multiple devices.
- Collaborated with team members to deliver user-friendly web interfaces.

Frontend Developer Intern – Paydeer Services Pvt Ltd

Mar 2023 – Jun 2023

- Implemented frontend modules using React.js, Redux, JavaScript, SCSS, and Bootstrap.
- Worked with mock APIs and improved frontend data handling workflows.
- Contributed to UI enhancements and responsive design improvements.

PROJECTS

E-Commerce Admin Dashboard

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a responsive admin dashboard for managing products, users, and orders.
- Implemented CRUD operations and dashboard functionality for efficient management workflows.
- Integrated backend APIs and optimized frontend rendering for better user experience.

Udaipur Tours Booking Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed a tourism booking platform with package booking and taxi booking functionality.
- Designed responsive UI components and integrated backend APIs for dynamic data handling.

Lake City Chess Hub

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed an interactive chess community platform with responsive frontend architecture.
- Built backend APIs and managed MongoDB database operations.

EDUCATION

Bachelor of Technology (Computer Science)

College of Technology and Engineering, Udaipur – 2022

Diploma Engineering

Vidya Bhawan Polytechnic College, Udaipur – 2017

CERTIFICATIONS & TRAINING

- Full Stack Web Development (MERN Stack) – Keen InfoTech {Jan 2024 – Dec 2024}
- Full Stack Web Development Bootcamp – Newton School
- Full Stack Development Training – Mount Blue Technology
